Opis produktu

Książka w języku angielskim. Miękka okładka. 312 stron.

Podręcznik taktyki, który poprawia również umiejętności gry końcowej.

The best place to start your tactics training is in the endgame! Chess is 99% tactics – and if you want to win more games, nothing works better than training tactics. Win a piece or find a mate. That will get you results.

Since most of the pieces have left the board, endgame tactics have the clarity that enables you to grasp all basic concepts quickly and comprehensively. In the endgame, you can focus on what is important without any distractions by a couple of random pawns and pieces.

In 1001 Chess Endgame Exercises for Beginners, IM Thomas Willemze does two things at once. He explains all the basic concepts, and provides you with a huge amount of exercises for each theme and each chess piece. Willemze uses all his experience as a coach, and his familiarity with the famous Step Method, to carefully build up your chess knowledge step-by-step. He shows you the strength of all pieces, from the lonely pawn to the almighty queen. And he guides you from the basics to more complex tactics in a highly instructive puzzle rush.

Thomas Willemze is an International Master from the Netherlands. He is an experienced trainer of amateur players of all levels and has been the National Youth Coach of the Dutch Chess Federation. New In Chess has published his books *The Chess Toolbox* and *The Scandinavian for Club Players*, both of which very well received by reviewers and customers alike.
