Opis produktu

Wydanie w miękkiej okładce, książka w języku angielskim.

During his long journey as a chess player and coach, **GM Axel Smith** came to the realization that understanding colour-complex strategies is one of the key differences between strong and weak players. After many years of delivering lectures and training material to his students, Smith produced a Chessable course on the topic, which has been extensively edited and reorganized by Quality Chess to produce this book.

In these pages, the award-winning author breaks down colour complexes into various sub-topics such as blockades, opposite-coloured bishops and exchange sacrifices, with carefully chosen exercises to test and reinforce the reader's newfound understanding. Use **Black & White Magic** to improve your chess strength!

GM Axel Smith is the award-winning author of [The Woodpecker Method](#), [Pump Up Your Rating](#), [e3 Poison](#) and [Street Smart Chess](#), which were all enthusiastically received by readers and reviewers. Using the Woodpecker as part of his training, as an adult he improved from a rating of 2100 to becoming a Grandmaster.
