### Opis produktu

**Książka w języku angielskim**  
**438 stron**

White players will thoroughly dislike the Neo-Møller!

The Ruy Lopez is one of the most important chess openings, hugely popular with amateurs and masters alike. Black players allowing the Ruy Lopez main lines are usually condemned to passivity, defending a slightly worse (though solid) position for as long as White chooses this situation to continue.

World Champion Magnus Carlsen doesn't like passivity. He likes unconventional and active systems that allow him to take command and put pressure on his opponent from early on.

That's why Magnus Carlsen revolutionized the old Møller Attack, one of the sharpest and most uncompromising variations against the Ruy Lopez. As yet largely disregarded and unexplored by the majority of players, Carlsen's new approach allows Black to break free early and start giving White a hard time.
