**Mark Dvoretsky has long been considered one of the premier chess coaches and trainers in the world. He is renowned for taking talented masters and forging them into world-class grandmasters and champions.**

**His literary achievements are also quite distinguished. For example, Dvoretsky's Endgame Manual, soon to be released in a fourth edition, established itself as the sine qua non of endgame theory from the moment it appeared over a decade ago.**

**This accomplished chess instructor and author now shares his story in a ground-breaking two-volume set.**

**You are invited to share his journey from his childhood and maturing into a strong master, to his participation in the powerful Soviet championships and then, his transition to full-time chess coach.**

**Along the way, Dvoretsky pulls no punches with his commentary and insights about the all-encompassing Soviet chess machine, top-flight grandmasters, and his trials and tribulations as he helped develop "average" masters into world-class players.**

- A limited run of 500 copies
- Each copy is numbered, with a library-quality hard cover binding with dust jacket
- Each copy is signed by Mark Dvoretsky!!

#### **Former British Champion Matthew Sadler:**

**"A great book, full of humour, great chess, disappointments (some on the chess level, some on the personal level with students), pride and success! One for every chess player's bookshelf."**

#### **Sean Marsh, CHESS Magazine (UK):**

**"There is a strong line of narrative (..) there are plenty of games, too (..) It's definitely not a conventional autobiography, but one will certainly learn a lot more about the man regarded by many as the world's best chess trainer and the little anecdotes featuring a whole gallery of chess personalities will add insights not to be found anywhere else (..) A fascinating tome."**
