#### **Wersja językowa książki - angielska.**

Have there been times during a game when you have tried to calculate like mad, but can find no rhyme or reason to your lines? Have you ever felt that the computer's suggestions in your post-mortem analysis make no sense to you? Ever felt like the man with a hammer, suspecting that the world may not be made up entirely of nails after all?

In **Positional Play** Jacob Aagaard shares his simple three-step tool of positional analysis that he has used with club players and famous grandmasters to improve their positional decision-making.

Working from the starting point that all players who aspire to play at international level have a certain amount of positional understanding, Aagaard lays out an easy-to-follow training plan that will improve everyone's intuition and positional decision-making.

Grandmaster **Jacob Aagaard** won the British Championship at his first and only attempt. He is the only chess author to have received the Boleslavsky Medal as well as the Guardian, ECF and ChessCafe Book of the Year awards. He is a FIDE Senior Trainer, and on his retirement from professional chess he has taken up the post as trainer for the Danish elite. His training material is used by amateurs, grandmasters and World Champions alike.

The *Grandmaster Preparation* series is aimed at ambitious players.
