Opis produktu

Wersja językowa - angielska. Twarda okładka. 280 stron.

This opening manual completes the Black repertoire against the Sicilian that uses the Kalashnikov as the main line. When possible, Black will opt for the adventurous moves 1. e4 c5 2. Nf3 Nc6 3. d4 cxd4 4. Nxd4 e5, covered in the book King's Kalashnikov. But everyone playing 1... c5 has to be ready when White chooses to avoid the Open Sicilian.

In this volume King gives you the answer to all of the so-called Anti-Sicilians, including the Rossolimo, the Alapin and the Grand Prix Attack. All other, less frequently played variations such as the Morra and the Wing Gambit, are covered as well.

Grandmaster Daniel King has extensive experience playing the Sicilian, having done so for over forty years. His clear explanations and practical approach will help you achieve your own successes with the Sicilian. Additionally, there is a selection of annotated model games by grandmasters such as Magnus Carlsen, Anish Giri, and Daniel King, which demonstrate how the recommendations are applied in real games.

The two volumes provide a compact and versatile repertoire for Black, focusing on the most important lines, and always aiming for dynamic middlegame play.

Daniel King is an English chess grandmaster, coach, journalist, and broadcaster. He has authored dozens of chess books and courses on a range of topics, including opening preparation and the historical biography of Sultan Khan. His PowerPlay YouTube channel is a must-see destination for chess players interested in elite chess events and chess book reviews.

"With practical recommendations and a dose of humor, King presents a repertoire in which dynamic and active counterplay is central. With his book King's Kalashnikov Sicilian, King offers a complete repertoire for the Sicilian that many players will enjoy."
