Opis produktu

Wersja językowa książki - angielska.

There was a golden era when The King's Gambit was the favourite opening of every attacking player. In the glory days of Paul Morphy it was considered almost cowardly to play anything else. Legends such as Spassky and Bronstein kept the flame burning in the 20th century, but its popularity faded as players became distrustful of White's ultra-aggressive approach. Nevertheless there are honourable exceptions whose games prove that this ancient weapon can still draw blood - Short, Nakamura and Zvjaginsev are world-class players who have used the King's Gambit successfully. In this groundbreaking work, GM John Shaw shows that the ultimate Romantic chess opening remains relevant and dangerous even in the computer era.

GM John Shaw has been Scottish Champion three times. This is his most ambitious book to date, and was many years in the making.

ISBN 978-1-906552-74-9 - 680 pages - Published 19 July 2013

Reviews

"The book is a monster. A monster that will kill you if you are not careful! You know if you tame it, it will eat out of your hand... The Kings Gambit is a masterpiece despite the points raised and deserves to be."

Martin Rieger ([full review](#) in German)
