### Opis produktu

**Wydanie w twardej okładce, wersja językowa - angielska.**

The Pirc is more of a counterattack than a defence: Black allows his opponent to occupy the centre and provokes a confrontation, trusting in the power of the g7-bishop and the dynamic potential in his position. It is the perfect weapon for players who seek a complex strategic fight with the black pieces.

Mihail Marin has been playing the Pirc for more than twenty years, with excellent results. In **The Pirc Defence** he not only presents his best analysis against all of White's major options, but also shares the strategic insights he has gained through his extensive experience in this opening.

**Mihail Marin** is a grandmaster from Romania. His previous books for Quality Chess have established him as one of the world's finest chess authors.

Praise for the author's previous work:

"Beautifully written and inspirational" - **GM Luke McShane**

"A typically lucid and thorough exposition from perhaps the most insightful and reliable chess author writing today." - **GM Jonathan Rowson**, New in Chess

ISBN: 978-1-78483-040-3 - 408 pages - **Published 2 November 2017**
