Think Like Ivanchuk is a celebration of a true chess genius. This book is a collection of Vasyl Ivanchuk's best games, a chess biography and a highly entertaining training manual all in one.

Vasyl Ivanchuk, a super-grandmaster from Ukraine, was born in 1969 and was the best player in the world in the 1990s behind World Champion Garry Kasparov. He has won the Olympiad, the super-tournaments in Linares and Wijk aan Zee, and many, many other events. He is an incredibly versatile player and has employed almost every possible opening variation known to chess.

Grandmaster Viktor Moskalenko has known his compatriot since childhood, has been his second and sparring partner, and understands his style like no other. Moskalenko has selected Ivanchuk's most fascinating games against world champions and top grandmasters and has derived more than 500 training positions from them. The exercises are fun, engaging, and presented in a way that any chess player can understand.

This collection of Ivanchuk's best artistic ideas will make you think like Ivanchuk and reach new heights in chess. Welcome to Planet Ivanchuk!

The Ukrainian Grandmaster has authored numerous inspiring opening manuals such as *Trompowsky Attack & London System*, *An Attacking Repertoire for White with 1.d4*, *The Fully-Fledged French*, *The Wonderful Winawer*, and *The Fabulous Budapest Gambit*.
